

SXKJ-10G-STP-BK

# SOLARIX CATEGORY 6A Keystone Jacks

10 Gbps

500 MHz

GHMT

Number of Ports	<b>1 x RJ45</b>
Life Cycle	<b>1,000 plug insertions</b>
Contact Material	<b>50µ gold and 100µ nickel</b>
Termination Block	<b>Dual 110/Krone</b>
Termination Block Life Cycle	<b>200 terminations</b>
Wire	<b>AWG 26 - 22</b>
Other material	<b>FR according to UL94V-0</b>
Storage Temperature	<b>-40 to +70 °C</b>
Operation Temperature	<b>-10 to +60 °C</b>
Max. Humidity Operation	<b>93 %</b>

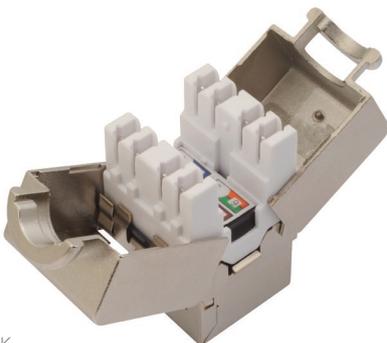

These Solarix Category 6A keystone jacks exceed the permanent link and channel requirements defined in the ANSI/TIA 568C.2, ISO/IEC 11801, and EN 50173 standards. The keystones are tested up to 500 MHz and provide a sound platform for supporting all today's network operating systems including Gigabit Ethernet. These Category 6A keystone jacks can be terminated with 110 as well as Krone termination tools. The Solarix Category 6A keystones feature colour-coding for both T568A and T568B wiring and are very easy to install. Similarly to other Solarix products, the new contact design provide enhanced plug to jack connection integrity. The contacts are rated for 1,000 plug insertions.

## Part No.
